Dear Sir/Madam

I have reviewed Bryan today and he has made a reasonable recovery.

I understand he is a graphic designer and is returning to work in due course.

For the a period of 4 weeks, please consider the following graded return to work plan.

- Rosstered for three days a week
- Half days for each day for the first 2 weeks with the option to increase to full days thereafter
- Reduced task load for the first 2 weeks with the option to increase thereafter

He will be reviewed on an ongoing basis to determine the state of his capacity.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'Hsien Jun Kenneth Leong'.
